et parish in the state. It has

street, but the disease is making fa-

orable progress above.

The exodus from Louisiana to towns

where fever has appeared continues.

A large number of people have gone

north and east from Shreveport and

points in that section of the state. At

Alexandria as the result of a mild case

there one hundred citizens chartered

a special train to leave there today.

Yet the patient that has caused the

panic is reported to have so far re-

covered as to be able to sit up in

bed and smoke a cigarette.

Arch Bishop Chapell has returned to

the city from a tour through Louisiana

and expresses himself as deeply con-

cerned over the state of the public

health. Monsignor Chapell will offer

his services to the authorities in the

fight in progress and will issue through

the clergy a pastoral letter giving his

views and advice to meet the emer-

gency.

Owing to the quarantines there is

great suffering on the part of those

who are fleeing from the country dis-

tricts of north Louisiana. Two thou-

sand refugees were compelled to re-

main in their trains at Jonesboro, Ark.

The trains were surrounded by state

troops.

So hurriedly had the trains been

made up that no provisions had been

made for food and water and the re-

fugees were hungry and famished but

their piteous appeals for food were re-

fused. The unfortunate passengers,

many of whom were women and chil-

dren, were not permitted to put their

heads out of the windows to get a

breath of fresh air.

TO BRING HOME

ALL THEIR DEAD.

Berlin, Aug. 4.—The French govern-

ment sometime ago expressed a wish

that the bones of French soldiers who

died while prisoners during the Franco

Prussian war should be returned to

France. Emperor William has ordered

that this be done and that military

honors shall be rendered in every in-

stance during the transfer.

LACK OF SUPPLIES

With Which To Suceor the Wounded Made Czar's Troops Yield.

Tokio, Aug. 4.—(Noon).—A report

giving details of the final pursuit and

surrender of the majority of the Rus-

sian garrison on Sakhalien Island has

been received as follows:

"An independent cavalry column on

the afternoon of July 28, attacked the

enemy south of Paleo and routed him,

driving him southward, capturing two

field guns besides a number of rifles

and a quantity of ammunition.

"On July 29, the cavalry being re-

inforced pursued the enemy south of

Taylan, which lies 25 miles south of

Rykoff. The enemy halted at Onol,

20 miles south of Taylan, and at five

o'clock on the morning of July 30,

sent a letter under a flag of truce to

the Japanese commanding officer from

General Liapoff, the Russian govern-

or, saying that the lack of bandage

material and medicines and the conse-

quent inability to succor the wounded,

compelled him from a sense of hu-

manity to terminate hostilities.

"The commander of the Japanese

force replied, demanding the delivery

of all war supplies and property of

the Russian government, the uninjur-

ed and the delivery of all maps, re-

ports and papers relating to the Rus-

sian civil and military administration

and requiring their delivery in reply

at 10 o'clock on the morning of July

31, otherwise an attacking movement

would immediately be started.

"Colonel Tivitch met Colonel Kozumi,

Japanese chief of staff, on the morn-

ing of July 31, and accepted the pro-

posed terms.

"Governor Laponoff, seventy officers

and 320 men of the Russian garrison

then surrendered.

"The spoils consisting of clothing,

papers and military supplies are now

under investigation."

New York, Aug. 4.—Four fever sus-

pects were taken from the steamer

Nueces from Galveston today at quar-

antine and transferred to Hoffman

Island for observation as to the cause

of abnormally high temperatures. One

was a steerage passenger and the oth-

ers members of the crew.

THE DUKE'S OWN

Washington, Aug. 4.—The state de-

partment today telegraphed the Brit-

ish ambassador and the American con-

sul general at Ottawa that the govern-

ors of New Hampshire, Vermont and

Massachusetts have formally consent-

ed to passage through those states for

the forty-third Canadian regiment

(the Duke of Cornwall's own) which

are now in Ottawa waiting to proceed

to visit Boston and Providence. The

only restriction is in the case of

Massachusetts where the state law of

1902 prohibits the assembly of visit-

ing troops for drill or parade. The

telegram to the ambassador was ad-

dressed to him both at New York and

the summer home of the embassy at

in this morning's papers to the effect

that M. Witte is sounding American

financiers with a view to the placing

of a new Russian loan in the U. S. is

wholly without foundation. M. Witte's

visit to Wall street yesterday, was one

of curiosity. It is quite true that he

had interviews with some leading

financiers, and no doubt he will have

interviews with many more. But all

of these gentlemen are personal

Minister to Colombia Is Visiting

CHINA IS STARTING.

Mr. Barrett Predicts There Will Be Great Change In Policy.

San Francisco, Aug. 4.—John Bar-

rett, the newly appointed minister to

Colombia, is here in connection with

the commercial relations existing be-

tween the United States and China,

particularly as regards the boycott in-

augurated by the Chinese guilds

against American products.

He insists, however, that his mission

is not of an official character, but

simply to acquaint himself with the

feeling of the people on the coast as

to the boycott and interview some of

the merchants, who are engaged in

the Oriental trade.

Minister Barrett while conceding

that the Chinese guilds are all power

in their country, is of the opinion

that the present alarm shown by the

people of this country over the action

of the Chinese is unnecessarily exag-

gerated. He firmly believes that what

ever grievances the Chinese guilds

have will soon be dispelled when they

are made to realize that our govern-

ment is disposed to act fairly with

them in the matter of immigration.

He is also of the opinion that our

future policy will much depend upon

the peace conference of the representa-

tives of Japan and Russia and pre-

dicts that the next two years will

witness a great change in the policy

of the United States. Such a change

will be attended with a noticeable im-

provement of our commercial relations

in the far East.

MORE CHANGES

Bringing New Faces to This City.

Twenty Five Additional Man Placed in the Car Department.

THE GREAT CENTRAL

Shops Show Increased Interest As Head of the Combined Systems.

More changes have occurred at the shops of the C. H. & D. railway company in this city, and as a result two new faces are seen in the car department, now the general shops of the combined C. H. & D. P. M. and C. C. & L. roads known as the "Great Central system."

Effective this week has occurred the retirement of Mr. John Mackenzie, general car foreman, who came here with Mr. Merthelmer from the Denver & Rio Grande, and who goes again with his chief on the Kansas City Southern, with headquarters at Pittsburg, Kansas. Mr. Mackenzie will be succeeded by a Lima man, long one of the trusted employees of shops, Mr. George Hitch becoming the new general car foreman, being succeeded as foreman of the coach department by G. F. Brandon, brought here from St. Louis where he was with the St. Louis Iron Mountain & Southern. An assistant foreman, having charge of all freight car work another new man comes from the same road in the person of Chas. R. Dotson who succeeds Frank Ray registered to go with the Kansas City Southern.

In addition to these changes under the jurisdiction of Master Car Builder W. D. Lowery, another move of great import is also effective with the first of August, details of which can not be secured to probably as great an extent as the move implies. Mr. Lowery is master car builder of the entire Great Central system, his general offices on North Union street being the head of both freight and coach departments of the three roads. The C. C. & L. has had shops at Peru, Indiana, but with August first fifteen men have been dropped from the car department there and twenty-five additional men added here. It is understood the ultimate object is to have all the general car work for three roads handled in the local shops. Some of the men released at Peru have taken service here and will remove their families to Lima, and this first installment of new men is but a part of what may happen. Mr. Lowery now has elegantly appointed offices, with a general clerical force of fifteen men therein, and through this office must go every act of the car department of the three roads. This move means a great deal for the city and shows that the numerous changes going on at the shops under Master Mechanic Hinchley are gradually working out and that in the near future he will have one of the greatest railway shops in the central West.

The Lutheran Outing.

The Lutherans are completing their plans for a great outing at Cedar Point next Thursday, when a special train will be run from this city leaving at 7 a. m. at a rate of \$1.50 for the round trip including the boat ride to the Point. This excursion is general over Northern Ohio having been arranged by the Rev. Steinhorn, of Sandusky, and at the gathering will be some of the notables of the Lutheran denomination.

Boss Boilermaker Resigned.

Boss Boilermaker Kuzileman, who succeeded E. M. Acres at the C. H. & D. shops here coming from the B. & O. Southwestern at Chillicothe has tendered his resignation. Mr. Kuzileman has been suffering from rheumatism and found on assuming duties that he was utterly unable to care for the work. His successor has not yet been named. Master Mechanic Hinchley having a number of men to choose from.

Collision Proved Fatal.

Albany, N. Y., Aug. 4.—Word has been received at the headquarters of the Delaware and Hudson railroad company here today that one man was killed and another slightly injured in a collision early today. A passenger train ran into the rear of a freight train and the locomotive jumped the track and rolled down an embankment, crushing Engineer Beach to death. The freight train jumped and escaped with a few scratches. No one else on either train was hurt.

Work Progressing.

The work of erecting the substation at Rawson will be commenced by the Lima, Findlay & Toledo Electric company. The concrete work will be finished as rapidly as possible.

That is the way corn used to grow in Egypt, anyhow.—St. Marys Graphic.

AN HASTY ATTEMPT

At Self Destruction Now Regretted By Mrs. J. W. Adams.

SLASHED HER THROAT

But After Many Hours Surgeons Believe She May Survive.

Mrs. J. W. Adams, wife of the Cleveland promoter, mention of whose sudden summons to his home yesterday appeared in the Times-Democrat, made an hasty attempt at suicide at her apartments, yesterday morning. The husband had been a guest of the Lima House for the past week and had completed the formation of his company here which was incorporated at Columbus yesterday under the name of the Imperial Brewing Co. of Lima, with Edward F. Sprague, Max L. Bernstein, Wm. Brown, Thomas D. Wendell and J. M. Stern named in the papers.

A dispatch from Cleveland tells of the attempt and the regrets of Mrs. Adams as follows:

Cleveland, Aug. 4.—Mrs. J. W. Adams, wife of the senior partner in the famous Adams & Sarber Oil Co., the failure of which, about two years ago, caused such a sensation, slashed her throat in an attempt at suicide this morning in her magnificent apartments on Logan avenue. Mrs. Adams regretted the deed as soon as committed, called the janitor's wife and then lost consciousness. Surgeons worked for hours before they would say Mrs. Adams would live.

Adams was a minister at Findlay before he entered the oil promotion field and is now engaged in engineering a brewery combine at Lima. Mrs. Adams admits an intention to kill herself and says she deeply regrets it.

OLD PEOPLE AND THEIR TROUBLES

Old People have more of the pains, aches and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and besides that a younger, healthy constitution could resist often what they cannot.

During the civil war I contracted Cancer and suffered with its effects for many years. I tried various remedies and doctors, but with no good result. One day I found one of your pamphlets and read it carefully. I decided to try S. S. S. and as I was getting along in years, I had most of the pains and ailments incident to that time of life, but after taking this great remedy for a while I began to improve and soon found myself a strong, well man. I am now more than 75 years of age, but my health is good, because I take an occasional bottle of S. S. S. Each bottle is a tonic and blood purifier, and I recommend it to those needing such a medicine. For sale by H. F. Vorkamp, Lima, Ohio.

Rheumatic pains, sleepless nights, lack of appetite, etc., are not imaginary ailments of old people, as is sometimes thought. They need a medicine that will supply their blood with its lost vigor and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mercury, which is a toxic and gentle in its action, purifying the blood of all poisons and relieving old age of its discomforts by supplying a robust constitution. It is the greatest of all tonics for increasing the appetite, toning up the stomach, promoting the digestion and building up the entire system.

TRIBUTE PAID

WHITCOMB RILEY.

The attendance at the Chauqua meetings yesterday afternoon last night and today were very large. As compared with the crowds of Monday, Tuesday and Wednesday but still they were not so small as to be discouraging to the promoters of the assembly and those who did attend were well pleased with the day's program of entertainment. During the morning Miss Ohman had an interesting session with her children's club of Seton Indians and the afternoon program had for its feature, a talk by Paul M. Pearson, of Philadelphia, who discussed, in an able manner the subject of "Plantation Days." The usual round table session followed and some very interesting subjects were discussed.

Mr. Pearson was on the evening program also, and his lecture last night is reported as having been one of the intellectual treats of the assembly's session. He spoke at considerable length of James Whitcomb Riley and in eloquent words, he paid a glowing tribute to the great Hoosier poet. His lecture was a scholarly one and it was greatly enjoyed by those who heard him.

The feature of today's program fitted together very nicely. During the session this afternoon, after a musical prelude that was rendered by Mrs. Ruth Anderson Reor, Mr. Samuel Phelps Leland, of Chicago, delivered a lecture on the subject "Word Making," and tonight, Hon. Chester Holcombe, former United States minister to China, will deliver a lecture on "The Russian War." Mr. Holcombe's long years of experience in the orient acquainted him thoroughly with the people of the far East and his official position in China gave him every opportunity offered to any foreigner to study the conditions and intrigues that led to the bloody conflict between Japan and Russia. His address tonight will probably be a very interesting one.

Most of the new novels are about the marriage question, but people go on marrying, quarreling and making the best of it in the same old way.

Perhaps this is one reason why some preachers scold: They catch sight of their wives in the audience, and forget any one else is present.

AT COLUMBUS GROVE

The Democratic Primaries Will Take Place Saturday.

WATER TANK BURST

And Caused Considerable Damage to Adjacent Property.

Columbus Grove, O., Aug. 4.—Standing with a hole in the wall in its brick sides twenty feet square, as nicely as though workmen had done the job, is the Ottawa municipal building, after the force of the water attending the bursting of the Great Central railroad's water tank here, had passed over it. The partition in the building was found to be pushed across the ten foot room and a beam 10 by 10 inches in thickness in the Buckeye Brewing Co.'s warehouse and storage rooms was snapped into two pieces. Seventy-five thousand gallons of water were let loose with mighty force, by the bursting of the iron hoops. Slide walks, made of stone, were torn up and everything was swept before the water's course. A tramp housed in the village lock-up narrowly escaped with his life, although no one was injured. The damage to buildings will amount to about \$500.

Rev. George W. Foitz, pastor of the Christian church at Cairo, has taken the pastorate of the church at Lafayette and will move his family to that place this fall. He has been in charge at Cairo for several months. The village council has provided for the current expenses of the village for the last six months by the year as follows: From the general fund the amount of \$121.50 has been taken, of which \$144 is for the council, \$50 for the mayor, \$40 for the clerk, \$37.50 for the treasurer, \$50 for the solicitor and \$100 is allowed for legal advertising. These amounts are mostly salaries for officers. From the public safety fund the amount of \$515 is taken, \$50 of which is for the marshal and \$10 for special police. Other fire and police expenses take up the remainder of this amount. From the public service fund, the amount of \$380 is taken and from the public health fund the amount of \$97.50.

Rev. S. D. Conger, pastor of the First Presbyterian church, is enjoying his regular annual vacation and, with his family, is visiting relatives in Toledo and Clyde. They will be gone several weeks. Jesse Swaney has resigned his position at the Wendell Memorial Card House in Leipzig, and will go to Spencerville where he will commence the publication of a newspaper, which will be issued weekly. The first number will be put out this week.

Miss Edna Bassler, of Lima, is visiting Mr. and Mrs. Charles Bassler. The Board of Commissioners of Putnam county will receive sealed bids up to 12 o'clock noon, of Tuesday, Aug. 29, at the auditor's office in Ottawa, for the sale of \$7,000 worth of bonds, payable in six years and bearing interest at the rate of 5 per cent.

Mrs. Allister attended the funeral of Mrs. Mary Ellen Bird, held at Cairo, Wednesday. Mrs. Bird died at her home on the Spencerville road, near Lima, at the age of 35 years, death being due to consumption. She leaves two children, aged 14 and 3 years. Interment was at Cairo.

At a meeting of the village council, Mr. Cope, representing P. S. Briggs & Co., bond buyers, of Cincinnati, was present and suggested that his company take the bonds which they recently contracted for, but which was refused after it was found the notice had been run but four weeks in publishing the sale of the bonds. Mr. Cope suggested that the company pay over the money to a third person, the check to be held until the notice of the sale is run five weeks, which will be August 29. After that time the money will be paid to the corporation by the person holding the same. This was decided upon as legal by Attorney Cable, of Lima, who was consulted in the matter. The council will undoubtedly take such action, as it will permit of work upon the improvement of Sycamore street by paving to be commenced at once. This street will be paved from the east side of Plum creek to the west side of the Northern Ohio railroad, a distance of about half a mile. The bonds will bear interest at the rate of 4 1/2 per cent. instead of 5, as originally intended. Owing to the absence of village clerk M. D. Long, the matter will rest until Monday evening.

The W. C. T. U. will meet next Tuesday afternoon at the home of Mrs. Frank E. Palmer, at which time will be held the annual election of officers. Raymond D. Krout, who comes here from Waukegan, as principal of the local high school, is a post-graduate of the Ohio State University, has had three years' experience and is 29 years of age. He is an enthusiastic worker in the Christian church.

The Ladies' Cemetery Association will meet on next Monday evening at the home of Mrs. M. A. Ogilvie.

The women are doing a noble work in keeping up and in good condition the local cemeteries. At this meeting the secretary, Mrs. (Dr.) Frank Morris will receive the money turned in by each family who have relatives resting in the burial grounds. One dollar is required from each family.

The annual reunion of the Seafarers-Archimedes family will be held in W. H. Eversley's grove, southeast of town on Saturday, August 18. There will be a program and a picnic dinner. A large number of relatives of these families in Allen county will attend the reunion.

The local Rathbone Sisters' lodge and the lodge at Vaughnsville, to the number of nearly fifty members, went to Pandora, yesterday afternoon, where, in one of the beautiful groves there, a picnic was held, to which the Pandora lodge was also invited.

At the democratic primaries to be held on Saturday, the following candidates are in the field to be voted for nomination by the democrats of Putnam county: For probate judge, to succeed himself, A. M. Heidebaugh; for representative, Joseph Justice, Frederick Franke, J. J. Zeller and Harry S. Core; for surveyor, D. W. Seitz, Aaron Overbeck and John T. Mandlow; for sheriff, Joseph Zink, S. M. Dickey, Frank H. Kracht and O. T. Place; for commissioner, Herman Recker, B. A. Ruhe, H. J. Rader and A. D. McClure; for infirmity director, David W. Light; for coroner, Dr. E. L. Tupper. The county is safely democratic and nomination means election.

Misses Lenore Sterling and Clyde Kockwell have completed training in special work at Lima college and returned to their homes in this place. Miss Sterling took music and Miss Kockwell took music and Miss Sterling will graduate in music next spring. Both are talented young ladies.

Geo. W. Hixon, aged 75 years, a pioneer resident and a prominent farmer of Blanchard township, is dead at his home near Gibboa.

THE FRAMING GAMBLERS.

(Chicago Record-Herald.)

The native-born American is a great personage. What king is his peer? Does he not look down with contempt on all other peoples? Is he not oppressed with fear that crime is being brought into his land by the hordes of immigrants who yearly arrive with all their national vices?

For instance, there are the Italian immigrants, with their terrible curse of gambling. In Italy their custom has been to gamble themselves out of heart and home. What a shame to let them in by the hundreds of thousands!

The free-born native white is invited to walk up and look at the City of Chicago's official statistics of arrests for gambling during the first three months of this year.

It appears that the arrests under the state laws, the offense being a misdemeanor, reached a total of 177, of which 169 were native-born whites. Two were negroes, so that only six were left for all foreign nationalities. And the Italians did not appear at all.

In the arrests for violation of the city ordinances against gambling the native-born whites did not have quite such a complete monopoly. But with negroes and Chinese they managed to come near to sweeping the board. There were 1,005 of these arrests. The share of the native whites was 593, of the negroes 156, of the Chinamen 182 and of all other nationalities but 74. The Italians escaped with 10. One out of every 2,000 of the native-born whites was gathered in, but probably not more than one out of every 3,000 of the Italians of the city.

Our foreign-born residents may play little games for stakes in their homes, but it is clear that they are woefully backward in the art of gambling publicly in violation of the laws.

We native-born are the real thing in the gambling line. We can join hands with the negroes and the Chinamen and have a merry rout. Here's thanks to Hugo Grosser and his statistical bulletin for holding the mirror up before us.

RIGHTS COMPLAINT.

Pomeroy Leader—Sunday's Columbus Dispatch complains editorially of the nauseating stench which arises from the garbage crematory southeast of the city and which is occasionally carried up to and far across the corporation limits.

It is to be hoped that the other newspapers of Columbus will promptly join hands with The Dispatch in its effort to abate an intolerable nuisance. The smell which arises from this plant and spreads over miles of the surrounding country is of the most sickening character. Passengers on the T. & O. C. trains, which run close to the crematory, are frequently so nauseated by the awful smell that hard vomiting is the result. And no one with an acute sense of smell who has ever inhaled the awful odors of that horrible place has been able to rid himself of the baneful effects for hours.

There is cause for complaint from the residents of the immediate neighborhood of the plant, the residents of Columbus and every passenger carried by an Ohio Central train, especially at this season of the year when the windows of the cars must be up.

What better means can be substituted to take care of the city's garbage we do not know. Certain

NERVOUS HEADACHE.

The Cause of Much Suffering to Women is Permanently Cured When the System is Built Up By

DR. A. W. CHASE'S NERVE PILLS.

When the head aches hard and throbs; when the neck and eyes grow stiff the face flushes or grows deadly white, when any excitement or over effort brings on an attack of nervous headache so severe that it leaves you weak, trembly, shabby and utterly worthless for days, it is a certain indication that the nervous system is gone—that you need a medicine that will so strengthen you that you can resist and overcome these terrible seizures. Such a medicine is Dr. A. W. Chase's Nerve Pills, a medicine that does not relieve but goes to the root of the trouble and positively cures.

Mrs. John Fall, of Fourth St., Toronto, O., says: "I like Dr. A. W. Chase's Nerve Pills because they cured my nervous sick headaches—these headaches used to play me out and leave me weak and nervous, the pain being so severe. My eyes used to get stiff and sore during the attack and the neck so stiff I could hardly turn it. The Nerve Pills, however, proved to be just what I needed and cured the attacks in a hurry. As a result I feel steady in nerves, physically strong and vigorous and in every way sound and well. This makes me feel I can't speak too highly of the medicine." 50 cents a box at dealers or Dr. A. FOR RECRUITS

Who Are Needed In the U. S. Navy.

A Temporary Station Will Be Opened In This City Next Monday.

LIEUT. H. B. SOULE

Will Be In Command of the Recruiting Detachment While Here.

J. F. Westerberg, of the United States navy, advance representative for a naval recruiting party, is in the city making the preliminary arrangements for the opening of a temporary recruiting station that will be conducted here all next week under the direction of Lieutenant Henry B. Soule, U. S. N. The temporary station will be located in the government building and the recruiting party will consist of eight officers and seamen, with Lieut. Soule in command. The other members of the party are Surgeon R. A. Campbell, medical examiner; Chief Boatswain Mate Thomas Smith; Chief Yeoman J. L. Cook; Gunners Mate F. Flannagan; Hospital Steward B. W. Cole; Coxswain J. F. Westerberg; Advance Agent, and Chief Machinist Frank J. Knowles.

Lieut. Soule owes his success in the navy in a measure to his friend, Senator Charles Dick, who helped him to secure promotion, although his own natural ability and progressive nature are the sole causes of his rapid advancement.

"To Lieut. Soule belongs the honor to be the first man admitted from the enlisted force of seamen to the ranks of commissioned officers. He was the first member of the navy who took advantage of the law enacted several years ago throwing open to seamen the commissioned positions in the navy. Soule was one of six enlisted men who passed the best examination. He was then appointed an ensign in the navy. That was four years ago, and he is now a lieutenant, having occupied every grade from the lowest to his present position since he enlisted when a boy of 17 years old. Lieut. Soule's home is at Warren, O., and he is one of the best examples of what ambition and industry will do in the American navy, where it is claimed the rewards are much greater than in the army. Lieut. Soule is a clean-cut, handsome officer, and a person not knowing better would naturally suppose that he received the full benefit of training at Annapolis.

Lieut. Soule entered the service 20 years ago. He passed his examination to enter the commissioned ranks at Mare Island, four years ago, and has just returned from China, Japan, the Philippine Islands and other points along the Pacific ocean, where he cruised on the battleship Wisconsin. He has been home two months, and was then assigned to recruiting service.

Since witnessing the movements and results of Japanese torpedo boats in eastern waters, Lieut. Soule is greatly impressed with that manner of sea warfare. He was at Shanghai, China, when the Russian battleships were chased from Port Arthur by torpedo boats. "The Askold went a 20 knot clip, yet her stern from smoke-stack to below watermark was ploverd full of holes by the Jap destroyers.

It showed the effectiveness of the little torpedo boats in pursuit or close range," the officer says. "They were always about 3,000 yards behind the battleship. I am greatly in favor of that kind of sea fighting. There is no doubt of its effectiveness, although it takes only such people as the Japs are, those who are brave and reckless, to pull successfully with them. From a purely commercial standpoint, it is much better to fight with torpedo boats. I would take five of them to one battleship, and win. Then they would represent only \$1,000,000 in money, to \$7,000,000 for the battleship, and as to men, they would represent 350 men to 750 on the battleship."

The recruiting officers will remain here six days. One of the interesting personages is Chief Boatswain Smith, who, because of his 25 years spent in the service on sea, is assigned to land duty. He longs to get back on the briny deep. He recently went around the world on the New York.

Mr. Peabody and others were interested in a business transaction. On March 13, they expected to make a certain deal. Mr. Peabody was unable to be present, so the next morning he telegraphed to a Mr. H. for particulars. A lady answered the phone and said that Mr. H. was not at home. Mr. Peabody, supposing the lady to be Mrs. H., said: "Well, perhaps you can tell me what I want to know. I only wanted to inquire how things went last night."

The lady, in a cheerful, reassuring tone, said: "Oh, beautifully! Mrs. H. is doing nicely, and the baby weighs six and one-half pounds. I'm the nurse."

BREIEL AGAIN

Socialist Orator Talks at Findlay,

And Has a Debate With Rev. Peter Biggs Formerly of Lima.

NOT ON THE PROGRAM

But Mr. Biggs Could Not Resist Defending the President.

George Breiel, the socialist orator who, in a mixup with Policeman Frank Grant in this city last Friday night, was the source of a demonstration that nearly developed into a riot, has been heard of again. At Findlay last night he became involved in an impromptu joint debate with Rev. Peter Biggs, formerly pastor of Grace M. E. church in this city. Of the affair the Findlay Republican, today, says: "Quite a sensation was stirred up Thursday evening by an impromptu debate between George Breiel, of Newport, Ky., and the Rev. Peter Biggs, of this city, on the court house square, where the former was delivering an open air socialist lecture. Breiel, being a man of considerable personal magnetism, and a fluent talker, soon had the wraps attention of several hundred persons, including the Rev. Mr. Biggs. The speaker opened his talk by attacking the United States army and warfare. A general. Soon after he opened up on Roosevelt by describing the terrible crime of the president in refusing to see the 'Mother,' who, before her death, was so dear to the Pennsylvania miner, when she called during some labor disturbances a few years ago. At this point the enthusiasm of Rev. Mr. Biggs got the better of his judgment and the crowd was started by a spirited defense of the president from the minister. Words flowed out with great rapidity and Breiel showed courtesy by listening with patience. After he had finished he socialist fired his statistics forth like a broadside from a Japanese man of war. In his argument he was supported heartily by the crowd, whether as made any points or not. Every time he opened his mouth there was a shout of delight from certain ones of the crowd. 'My, haint he smart,' said one. 'I would just as lief have him around as a dictionary. What he said about war was right. You could not brag me out to get shot. No indeed.' Similar expressions were heard and the Rev. Mr. Biggs, seeing that the crowd was not with him, left the scene."

PAYS TO BE ACCOMMODATING. O S Marden in Success Magazine—there is nothing people appreciate more than being served by those who really enjoy accommodating them. What a comfort, at a strange hotel especially, to be served by those who seem anxious to please us, who seem to take real pleasure in making us feel at home, and comfortable! There is no one quality which will help you along more rapidly than the cultivation of this desire to please, to accommodate. It appeals to everybody; it creates a good impression.

What a pleasure and a comfort, when traveling, to be served by pleasant, good-natured people who try to please us! A surely, impudent Pullman porter often destroys the pleasure of a whole journey on a train. An impudent clerk in a hotel office can make everybody in the house uncomfortable, and such service is dead, even if it could be had for nothing.

It is noticeable that a boy who always tries to help wherever he can, and to make everybody comfortable, who is accommodating in everything, is very popular, and other things being equal, most likely to be promoted.

Akron Meeting Off. Akron, O., Aug. 4.—The directors of the Akron Trotting Association held a meeting last night and called the race meet for August 29, 30 and 31 off because of the understood opposition of the sheriff and prosecuting attorney against pool selling.

Secretary E. M. Ganyard said today. "The races would not amount to anything without pool selling and we received indirect information that the county authorities would not allow that feature. The pool selling privilege had been sold to the Crescent Club, of Cleveland. The meet promised to be the largest ever held here, as we had a large number of prospective entries. Notices that the meeting was being called off have been sent to all horse men."

One great leak in the postoffice de-
partment is directly due to the fact
that too many unnecessary positions
are created with which to reward po-
litical friends and for that reason
many postoffices have one-third more
on the pay roll than are actually
needed.

Governor LaFollette in his address
Monday night paid splendid tribute
to Roosevelt as president, and as a
man. He enthusiastically gave it as his
belief that Roosevelt wanted reform
in railroad rate legislation, but unfor-
tunately for his ambitions in that
direction, congress, the law making
body was controlled by the corporate
interests, owned body and soul by the
trusts, and cared naught for the com-
mon people.

Corruption is a republic in body by an
overwhelming majority. It has had a
bill before it since 1897 which if passed
would have given the people relief
from the extortions of railroads. The
bill has never seen light of day, and
it never will until the executive,
head and the law making branch of
the government is placed in the hands
of democrats. Then there will be full
and complete "justice."

DO YOU KNOW HIM?

Just one man has been found in
Lima who heard Hon. W. J. Bryan's
lecture, and still refuses to practice
justice and fairness toward his fellow
men.

We have no photograph of him or
we would reproduce it. This far, how-
ever, we will go in helping you to dis-
cover him, if you have not already lo-
cated him.

He keeps himself well in the public
eye, in fact he is the only one to go
on the platform with republican gov-
ernors when they come to Lima to
lecture.

This he will decline to do in the
future unless he knows what the gov-
ernor is going to say.

He conducts a literary sink on a
prominent east and west thorough-
fare, and has direct connection with
the sewer system of the city.

Do you know him now?

If you do, when you meet him on
the street, you should go up to him,
and say:

"THIS IS THE MAN WHO
SHOULD BE MISSED FROM THE
REPUBLICAN-GAZETTE — LIMA'S
NARROWEST MINDED BIAS."

TIPS FOR HERRICK.

The present governor or Ohio came
back from a long junket through the
northwest yesterday, took one look in
his office, appointed a republican to
fill a judgeship vacancy, went to
Cleveland last night and today open-
ed his campaign at Cedar Point, a
free and easy resort on the shore of
Lake Erie.

The governor begins his fight for
reelection with advice from a few re-
publicans as to how he should conduct
it, and of the tenor of it the press is
kept advised.

Of it all, however, that which seems
the most fitting was given by a Co-
lumbus man who suggested that the
governor put his big automobile in
the shed until after the election.

They point out that farmers of the
state are objecting to the speed with
which autos are being operated along
the country roads.

The governor also has been given a
quiet tip that he would make more
friends if he would make his cam-
paign trips in a day coach and not in
a private car.

FROM DAY TO DAY.

The campaign is on, and that noth-
ing may escape that will be of bene-
fit to the democratic cause, we have
decided to run every day, under the
head FALSEHOODS AND TRUTHS,
extracts from the editorial page of our
esteemed morning republican con-
temporary.

There will be so many of these
that it will be impossible to deny each
FALSEHOOD, or affirm the TRUTHS
unthoughtfully uttered.

We will therefore distinguish be-
tween the two by means of the form
of type used in reproducing them.

The FALSEHOODS will be printed
in Gothic letters, the TRUTHS in the
ordinary type used in this paper.

The distinction given FALSEHOODS
by printing them in large type is be-
cause they will occur more frequently,
and their fun effect is desired.

First Installment.

From the Republican-Gazette of the
date of Aug. 4, 1905:

The Administration Permits it.
"The biggest grafter in the whole
bunch is our 'Uncle Sam.' His free
mail service, rural routes, free garden
seeds, franking privilege, river and
harbor steals, and a hundred other
looks in his trousers' pockets, pun-
ched by congressmen, account for the
hole in the treasury where the public
funds leak out, but which is tolerated
by the public."

Preached a Sermon.

"A 'confidence game' of no small
proportions, was that played on the
Bryan democracy by their 'machine
leaders' who engineered the Bryan
meeting, who after beating the bush
for a week to run them in to 'hear
Bryan' charged them 25 cents a head;
and when they got a thousand of them
in range, ready to shout for their po-
litical idol, to put a political muzzle on
him and fire volley after volley of
good old fashioned gospel ideas into
them, to which most of them were
strangers and which they hardly com-
prehend. Bryan preached a fine ser-
mon, but there was a 'cold chill' run
up the backs of the terrified when they
cut out the political for the religious.
It was a genuine frost to them, and
they have our sympathy. No wonder
many of them ran away."

And Then He Didn't.

"Isn't it cheeky to ask republicans
and others to a 'non-partisan' meet-
ing at 25 cents a head, and then pre-
sent them with a dish of democratic
crow to swallow, at the introduction
of Bryan's sermon at Chautauqua? Yet
that is exactly what was done at the
instigation of the democratic commit-
tee, violating the rules of the Chautau-
qua and every sense of propriety, for
a little political advantage. But it
kicked backward, and they are ashamed
of it now."

Who Is To Blame?

"Immigrant societies and syndicates
of capitalists are flooding this country
with the offscourings of Europe to
the great detriment of American labor
and danger to American institutions.
According to U. S. Commissioners
Watkins, undesirable immigrants
from all parts of Europe are pouring
in."

We ask Brother Campbell why it
would not be a good plan to raise the

diff and keep them out? American
labor must be protected and repu-
blicans say that is what the tariff is for.
Then too, the contract labor laws
might be enforced if this was an en-
forcing administration.

In connection with this column
which will appear daily, Sundays ex-
cepted, we suggest that its readers
prepare a tally sheet, and make nota-
tions thereon every evening. In that
way, at the end of the season, they will
know exactly what the preponderance
of FALSEHOOD over TRUTH really
is.

There should be no difficulty in
making the distinction. The size of
the type will tell you instantly. But
don't overlook the truths whenever
they are reproduced. They will be
found to contain a valuable back ac-
tion lesson.

WITH THE MOTHER

The Court Decrees the
Children Shall Be Left
At Present.

ACTION OF THE AUNT

To Place Kinsman in Chil-
dren's Home Not Sus-
tained By Facts.

Judge A. D. Miller has rendered his
opinion in the recent sensational hear-
ing in the probate on the application
of Mrs. Timothy Shroyer brought
through the Humane society, in
which it was alleged that the children
of Mrs. Grant Mitchell were begging on
the streets and should be placed in the
Allen county Children's home.

The mother made a gallant fight for
her own and the court upholds her
in the struggle, refusing to separate
her and the children, and refusing to
have the three little ones sent to the
home. Judge Miller is giving his opin-
ion states that the little mother has
had a hard struggle and that while
the burden of caring, feeding and
clothing for her youngsters is of nec-
essity quite heavy, that he believes
she is doing the best she possibly can,
and that he feels it more inhumane to
separate her and offspring than to
provide any more pleasant quarters
for the children, which probably would
result were they taken to the Allen
county institution, known as one of
the best in the state. The court, how-
ever, feels he has no right to take
such drastic action, and the evidence
showed that the children had never
been in actual want.

CUTLIP CASE

Given a Hearing In May-
or's Court Today.

The trial of the case in mayor's
court against Ben Cutlip, charged with
disorderly conduct on a street car
last Sunday evening, was concluded at
3 o'clock this afternoon and the mayor
reserved his decision, taking the case
under advisement until 2 o'clock to-
morrow afternoon. Three ladies who
were passengers on the cars testified
that Cutlip was not disorderly and
that he only demanded his change
from the conductor whereupon the lat-
ter jumped off of the car and drag-
ged Cutlip off feet first, the lat-
ter's head striking the step and then
the pavement as he was pulled off of
the car before it had stopped.

Mrs. M. M. Meyers, of 718 west Spring street, Lima, O., says: "I just as ardently endorse Doan's Kidney Pills today (Sept. 3, 1904) as I did six years ago. I had been relieved of kidney trouble and the most distressing headaches which clung to me for days at a time. I have often said since then that Doan's Kidney Pills were of inestimable value to me, if only for banishing those headaches but they did more than that. They removed the lameness and soreness from my back and corrected a sluggish condition of the kidneys and so toned up my system that I could enjoy my rest and food better than for years before. Doan's Kidney Pills were procured at Melville's drug store and as I have said before, I would not be without them in the house."

FOR 75 YEARS

Elisha Pangle Was a Citizen

Of the Community In Which He Passed Away Wednesday.

WAS A GREAT HUNTER

And For Many Years He Was Noted For His Marksmanship.

Concerning Elisha Pangle, whose death was announced by the Times-Democrat yesterday, the Delphos Herald publishes the following:

"The ranks of the pioneers of Allen county was invaded by death Wednesday evening, when Elisha Pangle, a highly respected citizen residing about two miles east of Delphos, was called from his earthly home to the great beyond. Having been almost a lifelong resident of Allen county, living within its borders for about seventy-five years, he was one of the county's foremost citizens, one who assisted materially in covering the swamps and forest land into one of the garden spots of the state.

"Mr. Pangle was born in Champaign county, Ohio, May 8, 1828, and when but two years of age, was brought by his parents to what is now Sugar Creek township, Allen county. He was the youngest of twelve children, and was the last one at the large family to pass away. After residing in Sugar Creek township for a period of seventeen years, he came to Delphos and conducted a warehouse owned by his brother, Ferguson Pangle. This was the first warehouse in Delphos and was located along the west side of the canal, between Second and Third streets. After remaining here for about twenty years, he moved to the farm east of Delphos on the Lima road, on which place he resided continually up until the time of his death.

"In 1862 Mr. Pangle was united in marriage to Anna Edgcombe, of Peaverton, Allen county. No children were born to this union, the wife dying in June 1895. He was married to Sarah Fosnaught about seven years ago, and she, with a son nearly six years of age, survive.

"Deceased had never experienced any severe sickness until the attack which ended in his death. About nine weeks ago he commenced declining in health and was soon compelled to take to his bed. He looked on the bright side, believing he would again regain his health, until a few weeks ago when he gave up and expressed a belief that the end was near. The cause of his death is given as general debility. He was 77 years, 2 months and 24 days old.

"Mr. Pangle was recognized as one of the best hunters in this part of the state; had a keen eye, steady aim and penetrating disposition and dearly loved the sport. He spent a month's time in the fall of every year hunting wild game. After deer and other large game in this part of the country had been killed and driven out, he would continue his hunting farther west where the country was yet wild. For twenty nine consecutive years, he, with a party from this section spent a month's time each fall in the wilds of Michigan, and he was the last of the old organized party of hunters to pass away. However, in late years he joined a younger party, which hunted in Wisconsin, and his last trip to that state in quest of deer was in the fall of 1903. When out with a party he never failed to bag his share of the game. One season was spent in Montana hunting buffalo.

"He was a most accurate man in all his dealings, obliging in every way, and believed in acting on the square.

"Funeral services will be held from the late residence, two miles east of Delphos, Saturday morning, at 10 o'clock, conducted by Rev. E. F. Gamble, of Middle Point. The remains will be interred in the Hartshorn cemetery.

FRAUD EXPOSED.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to be aware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection to you, is our name on the wrapper. Look for it, on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. It is BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.

A NEW STRIKE

In Ottawa Is Drawing Attention.

While of a Small Capacity It Indicates There Is a Good Pool.

NOTES ON INDIANA.

Small Ones Are the Rule Throughout the Field In Hoosierdom.

The new oil strike made by J. L. Donnell in his test on the McMarar farm, in section 24, Harris township, Ottawa county, six miles to the east of Elmore, and about four miles southwest of Oak Harbor is attracting considerable attention to the fact that it is located on a line between what is known as the Fremont field in Sandusky township, Sandusky county, and the Holcomb pool in Benton township, Ottawa county. The well did only forty barrels, but it goes to show that a new pool exists there, and it may be the forerunner of an extensive pool. Leases have been very active there for the past sixty days and the territory has been leased up in large blocks.

by various concerns. Several new rigs are reported under way in the new district.

Indiana Developments.
In Nottingham township, Wells county, L. H. L. W. Kimball & Co. No. 10, Accoriman farm, did ten barrels. The Illinois Oil Co. has one of the same calibre on the King farm and the Montgomery Oil Co. No. 9, Elston farm, did 5 barrels.

In Liberty township, same county, E. O. Emerson's No. 3 and D. H. Muselman farm, did 35 barrels, and No. 8, Mitchell farm, 40 barrels. Cowley & Co. struck a failure in No. 1, Minnear farm, while the Cuba Oil Co. got one good for 45 barrels in No. 3, Grimes farm.

In Chester township, same county, the Ohio Oil Co. No. 46, Terhuns farm, did 40 barrels; No. 47, same farm, did 25 barrels, and No. 7, Howard farm, 40 barrels.

In Blackford county, in Licking township, Blackford county, the Colored American Oil Co. found a duster in a test on the Rapp farm, in section 34.

In Harrison township, Samuel W. Tait has a three barrel pumper in No. 5, Tait farm.

In Washington township, the Midway Oil Co. No. 8, Storms land, did 20 barrels.

In Adams county, in Jefferson township, Adams county, the Northern States Oil Co. No. 2,

Deer farm, did 10 barrels, and the Ohio Oil Co. No. 3, Smiley farm, 10 barrels.

In Walash township, the Central Western Oil Co. No. 10, Herr farm, did 25 barrels and their No. 4, Garber farm, ten barrels. The United States Texas & Oklahoma Oil & Gas Co. No. 1, Apsey farm, did only 2 barrels.

In Blue Creek township, the Michigan City Oil Co. No. 1, Sims farm, and No. 1, Parks farm, did 5 barrels each, as did the Steuben DeKalb Oil Co. No. 5, King farm.

In Jay County.
The development work in Bear Creek township, Jay county, has been attracting some attention of late. Out of 18 wells completed, five were dry holes. The best well out of the number was that of Conover, Rice & Co. on the Antlers farm.

In Walash township, the Egyptian Oil Co. second well on the Kelley farm, did only about one barrel.

In Jackson township, Kimball, Hoover & Co. have a dry one in No. 8, Watson farm. The Flint Ridge Co. No. 2, Priest farm, did 75 barrels. Green, Saunders & Co. No. 2, Mill farm, did 25 barrels. The Warren & Indiana Oil Co. No. 5, Williams farm, did 7 barrels.

But Austin Don't Say He's Never Been Kissed.

Not for a long time perhaps has Austin Hefner a well known young man of the Marion road been so surprised as when upon returning home from a neighboring village Monday evening he found that his parents, Mr. and Mrs. Amos Hefner, and his sister May, well known residents of that vicinity, had planned a surprise party which was to celebrate his sixteenth birthday anniversary. Although surprised Austin insisted that they all have a good time, which they did. After listening to instrumental music, which was furnished by Misses Blanch Dotson, Mary Hefner and Maud Higbee, the crowd repaired to the dining room where Mrs. Hefner served refreshment in the form of ice cream and cake. After enjoying themselves by playing various games the crowd declared the evening well spent wishing Austin many more happy birth days and dispersed.
